

# Commissioning at Endress+Hauser Conducta

Project Management  
31 March 2009

## HWP Project Management completes project segment

### Commissioning of first building phase of Endress+Hauser Conducta Gesellschaft für Mess- und Regeltechnik mbH & Co. KG

**Gerlingen/Stuttgart, Germany.** Endress+Hauser Conducta Gesellschaft für Mess- und Regeltechnik mbH & Co. KG (Endress+Hauser Conducta) successfully finished the commissioning of the first building phase at the end of March 2009.

Located in Gerlingen near Stuttgart, Endress+Hauser Conducta is creating a new building for production and administration, as well as an attractive visitor centre. HWP is handling project management services, preparation of contract award, management of moving logistics, and start of operations. The commissioning of the second building phase will be in the spring of 2010.

„We are proud to reflect on a very collegial cooperation with Endress+Hauser Conducta in the last one and a half years. We are really looking forward to continuing this cooperation in the context of the second building phase,“ said Matthias Kammer, Director of Project Management Department of HWP.

Endress+Hauser Conducta Gesellschaft für Mess- und Regeltechnik mbH & Co. KG is a market leader in development and production of measurement technology and systems for fluids analysis. Moreover, Endress+Hauser Conducta is among world's leading specialists for analytic and sensor technology in the environmental and process industries. Endress+Hauser Conducta has been a customer of HWP's Project Management Department since December 2007.
